Four kings

Director: Theresa von Eltz. Cast: Jella Haase, Paula Beer, Jannis Niewöhner
Germany (2015) 95 min. German with English subtitles

Christmas is approaching, and with it, the desire for harmony, beauty, light and hope. Being unable to cope with her parents' conflict, Alex (16) makes a radical decision. A day later she finds herself in the adolescent psychiatric clinic. There she meets three other young people: Lara (17), the striking daughter from an academic family, who's having acid flashbacks; shy Fedja (16), who is being bullied at school; and violent Timo (17), who has just been moved from the closed ward. Confronted with one another, themselves and the unconventional psychiatrist Dr. Wolff, they experience an unforgettable Christmas full of surprises, pain, but also funny moments.
